Ladies and Gentlemen,

On behalf of the Management Board of the Polish Chamber of Commerce for Electronics and Telecommunications and the Co-organizers, we would like to assure you that during the **12th TIME Economic Forum, held on 9-10 March 2020, your safety** will be our priority. All your enquiries related to the current situation in relation to the spread of coronavirus COVID-19 are approached with due attention and care. In the interest of your safety and health, together with the management of the Hilton hotel, we introduced a number of procedures in line with the guidelines of the Chief Sanitary Inspectorate, consisting in:

- rigorous cleaning and washing of the surface of balustrades, door handles and mirrors,
- provision of containers with disinfectants,
- ongoing monitoring of information coming from: Polish Chief Sanitary Inspectorate, World Health Organization, Sanitary-Epidemiological State Stations.

Moreover, we would like to assure you that our team is in ongoing contact with the regional sanitary and epidemiological station as well as with the Government Security Centre. We also keep up to date with current information and guidelines on procedures necessary to prevent spread of coronavirus and immediate action in the event of suspected cases of coronavirus.

Being aware that the news coming from around the world are unsettling and having your comfort in mind, we kindly ask you to follow basic hygiene rules. Moreover, we kindly ask the participants who on the day of the event feel sick or have fever to stay at home.

Thank you for all the inquiries: they are expression of your commitment to the general safety of all participants - without succumbing to panic, but also without underestimating the problem.

Please be advised that the TIME Economic Forum will take place on the set date, 9-10 March 2020.

At the same time, we would like to assure you that in the event of any changes in the applicable guidelines, we will immediately inform you on any actions that need to be taken. In case of any questions or doubts, do not hesitate to contact us.

Best regards,

Stefan Kamiński
President of the Board, KIGEiT
